

Harvest Prayer

Dear God,

Help us to share our food because there really is enough to go around. Make sure we are grateful and not fussy about all the food we have. Help us to remember how lucky we are to be well fed every day. Please help the people in other countries who may only have one meal a day- keep them safe and healthy.

Lord, we know it is important not to be wasteful or greedy so help us appreciate the food that people take time to prepare for us. Help us to remember the people in this country who may not have enough food. Let us be generous enough to donate food and money when we can.

Thank you for the farmers who wake up early and work hard to grow our delicious food. Thank you for the bee keepers who make honey for us and for the shop keepers who sell the food to us. Please help us to respect the farmers' fields and not trample on crops when we are dog walking. Thank you also for the people in other countries who trade with us so we can have bananas and mangos. Thank you for the rain and sun so that our food can grow.

Most of all, we thank you for the food you give us.

Amen
