

# Cuddington and Dinton C of E School

## Infant site parking/dropping off

### Key considerations when parking and dropping off in Cuddington

1. Please make maximum use of the playing fields car park, just a 5 minute walk away. 
2. Please be very sensitive if parking close to residents' driveways
3. Please be aware of the bus route—if it can't get through then neither can an ambulance or a fire engine! 
4. There are some specific points around the village where even parking close up by the pavement/side of the road will cause a blockage—see map above and please avoid these. 
5. It is illegal to park on the yellow lines outside the school. 
6. Parking on the pavement by the cross-roads opposite the bus stop is not only illegal but it causes a dangerous restriction of vision to cars coming up from the school area. 
7. Having dropped off in the area of Upper Church Street by the Bernard Hall please continue out of the village following the bus route—turning round can cause considerable congestion with traffic coming into Upper Church street.
