

Year 6 Prayer

Recognising what is special in others

Dear Lord,

Sorry that we do not always appreciate each other and the world we live in. Sorry that we judge people by the colour of their skin and other differences because every person is unique and special.

Please forgive us for neglecting the needs of some people. Please forgive those who forget that we should all be treated in the same way and live together happily.

Thank you for making us who we are and giving us our individual talents. Thank you for allowing each person to shine and stand out, regardless of our exceptional differences.

Amen
