

What makes a good friend?

Dear Lord,

Help me be a good friend. Good friends make you feel good and happy.

Good friends say kind things to you.

They help you when you need help and tell you the truth.

Please remind me to share my things with my friends and they share their things with me.

I enjoy playing and having fun with my friends, they make me happy.

Remind me to say sorry if I have been mean and made my friend sad. Help me not to do it again.

It is important to listen to your friends and be interested in what they like doing.

It's important to ask other people to play and be your partner or be in your group.

Help us treat friends as we like to be treated.

Good friends make each other feel great.

Amen
