

Year 2 prayer – Who can help us?

Dear God,

Let us thank, all the people who help us.

Our families for keeping us safe and showing us how to be kind. Also, thank you for helping us solve our problems.

Our teachers for making our brains bigger and helping us to learn to get along with each other.

God for helping us with our learning and believing in ourselves and in others. Thank you for guiding us to listen to each other.

Please let us remember that we have many people in our lives that can help and support us.

Amen
