

Year 1 prayer – How can we help others?

Dear God,

There are so many people I see and interact with each day, please help me to understand how best I can help them.

I will show kindness towards others and make people feel happy when they are down.

I will be a good friend and play with others if they are lonely.

I will help to pick someone up when they fall and stand up for them in times of need.

If someone hurts themselves I will help them and take them to the teacher.

I will help others to tidy up the class room even if it is not my mess.

I will encourage others to shine their light and be the best they can be.

Amen
