

Year 5 prayer: How can we help others?

9th March 2020

Dear Lord,

If people are injured, please assist them to heal and back on their feet. Thank you for the scientists who invent medicine and masks to help the ill people. Remind us to wash our hands with soap so that we don't spread germs.

Aid others by standing up to bullies and those who are being mean. Please help us to say please, thank you and excuse me as we move around the school and other places. Make sure that we hold the door open for the elderly.

Amen.
