

NAPOLEON

Napoleon Bonaparte was a French general born in 1769 on the 15th August. In his life he did great things.

He was educated at military school where he trained for five years. He grew through the ranks as if he'd done it many times. Napoleon won 60 battles during his lifetime. His first battle that he ever lost was the battle of Waterloo. His tactic in battles was to fire shells at the ground but the ground was to wet so the shells didn't bounce.

Napoleon died at 52 years old on 5 May

1821

7 inches

The battle
of

WATERLOO

The battle of Waterloo was a battle of manslaughter and sadness for lost ones. Many people did not return after this tragic event. Thousands of men and horses died on one day. The battle raged on for hours on end until Napoleon was overwhelmed by the Allied forces. At the end of this tragic war most people went home to their families whilst others died from their wounds. That was the end of the battle of Waterloo.

NORMANDY

Normandy is a beautiful place full of nice restaurants and sandy beaches. Did you know that thousands of soldiers landed on the beaches of Normandy and attacked the Germans forcing them to surrender. As well as being landing bays Normandy is also home to the tapestry about King Harold. Most people think of Normandy as a seaside area but there are many amazing ^{things to do} inland. Normandy is an area in North-East France, making it a nice place to go on holiday for a few weeks, with many different terrains and environments.

My Personal Statement

At Cuddington & Dinton the years have flown by. One minute you are in a strange place wondering what to do, the next you're playing on the field with your friends and laughing. I have enjoyed every day ~~very much~~ and I'm always intrigued to find out what we're doing next. Each year brings something new and exciting or a fun school trip.

I still remember when we went on a trip to Shortenills and went in the woods to make luxurious dens with stone paths. My favourite part was when we went pond-dipping and found an insect in a ball of weed.

I am really looking forward to Y6 to find out about things I've never learned. Overall Cuddington and Dinton has gone well so far.
