Class prayer written by year 3 with Mrs Chaplin via Zoom.

Thank you, God, for change, it helps us grow.

We know things happen when we are not expecting them, but we always learn from them.

Change often happens when you are not ready for it. You need to stay calm and take a deep breath because change can be good, Lord help us to stay calm.

Sometimes we worry about change and this worrying can be unhelpful. Worries feel like a jumble in your head. Help us to remember that worries are often just inside your head and you need to let them float away on a cloud.

We are thankful for the time we have spent with our families and we are grateful for how hard everyone has tried to make things as normal as possible.

Amen
