

Little Owls Prayer:

What makes us special?

Dear Jesus,

We are all unique and special in different ways.

Some of us have blonde hair, some of us can sing, some can count really well. Others are thoughtful and look after their little brothers and sisters.

Whilst we all show love to our families with hugs and kisses.

Some of us are good at cycling, football, puzzles, Nintendo games, on our scooters, reading stories, dancing or Lego and others are caring and look after their dogs and other animals.

We are kind and loving. We are good friends, good brothers, sisters, daughters and sons. We are creative and make others happy. We don't give up when things get tricky.

And we all agree "I am special because there is only one of me!"

Amen
