

Year 4 prayer

Dear Lord,

We are thankful that we are all unique and can share our different talents, skills and knowledge to make this an exciting world to live in. Help us to remember that being different is good and that it is OK to be yourself. Help us to know that different coloured skin and hair, different languages spoken and different cultures makes our world more colourful and joyful.

Forgive us if we don't remember to welcome all types of people into our lives, into our school and our community. Forgive us for sometimes treating people badly because they look or act different from us. Help us to be tolerant of all ages, sexes and races of people.

Amen.
