

Year 5 prayer: Why are families important?

Dear Lord,

Thank you for our families, who keep us safe and make us laugh. Thank you for our protective families, who care for us when we feel ill or when we are hurt. They support us in our schoolwork and cheer us on when we are struggling or when we are winning.

Sorry for shouting and arguing with our families. We are sorry for those without family and pray that we don't take ours for granted. Sorry for scaring and teasing our siblings or elderly relatives and we apologise for disobeying our parents.

We pray that we help others when they are having a hard time and pray for families separated by the coronavirus. We pray for the families in Afghanistan for their safety and survival.

Please, Lord, help us to protect families that have been broken apart and try to help them through tough times. Please remind us to always love and cherish our families.

Amen
